**KALGIDHAR
SOCIETY** KARSU SAMIS, 1922

*We have moved away from '**competition**' to '**collaboration**', and from an '**event**' to a '**platform**' that encourages cooperation and convergence. The event is sustainable, with no use of plastic.*

- **Bhomik Shah, Founder & CEO, CSRBOX**

About India CSR Summit

Curated and hosted by **CSRBOX** and **NGOBOX**, the **India CSR Summit and ESG Forum** is Asia's largest CSR and Sustainability Forum, that brings together leaders from across the social impact spectrum to explore and discuss the evolving and latest trends, best practices, challenges and the progressive way ahead in the themes of corporate social responsibility (CSR), sustainability and social impact.

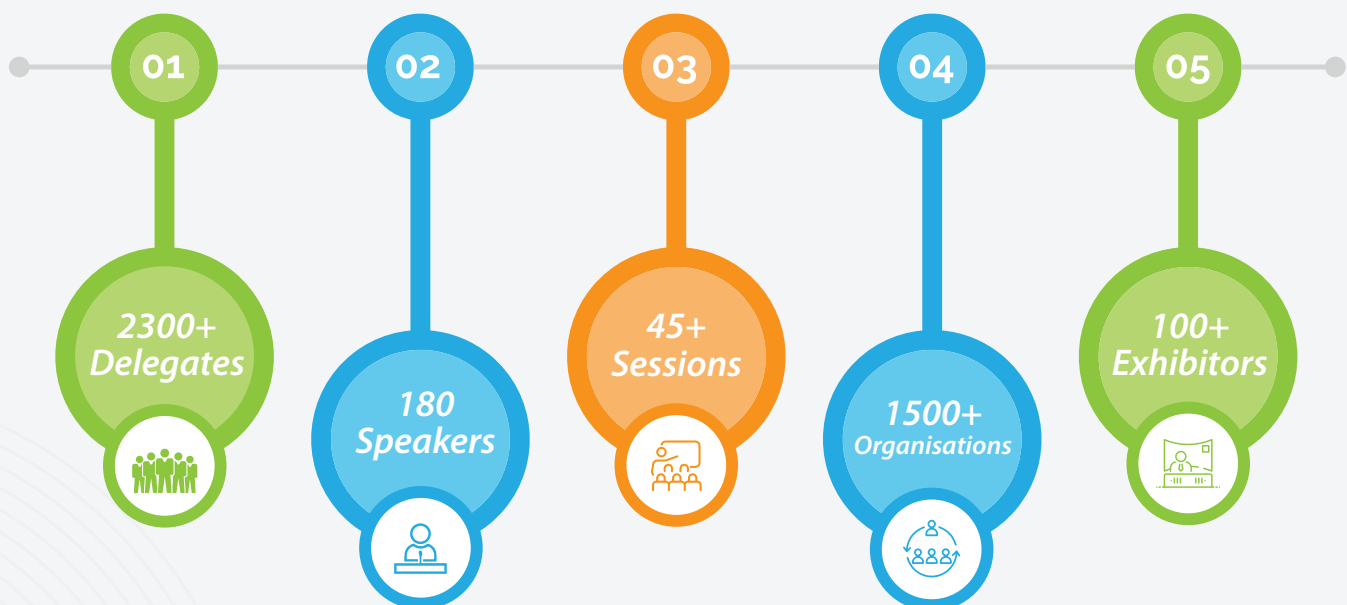

This **two-day event** is packed with **insightful panel discussions**, **informative keynote speeches**, **interactive workshops**, and **engaging networking opportunities**, making it a must-attend event for anyone interested in CSR and sustainability.

With its diverse range of speakers, participants, and dynamic and highly relevant topics, the **India CSR Summit and ESG Forum** provides a unique opportunity to gain new insights, share experiences, and collaborate with like-minded individuals and organizations, making it the perfect platform to learn, connect, and be inspired to make a positive impact on society.

What awaits you at the 10th India CSR Summit and ESG Forum 2023:

Testimonials

“

This was my first experience at the India CSR Summit. CSR is an emerging field and there is a lot of professionalism that is forthcoming. I am glad that CSRBOX is creating a platform to accelerate that process.

Ms. Devdatta Mulchandani,

General Manager and CSR Head,
Hyundai Motors India Ltd.

“

The India CSR Summit is a diverse and an all-inclusive platform that brings together key players from across the development sector in India. Through the exhibition vertical, it offers an opportunity to advocate for causes as well as find synergy between people that believe on the same cause.

Mr. George Aikara,

CEO, United Way Mumbai

“

The summit has been a very interesting experience. I think there is a lot of energy, lot of representation from different fields, making the experience more rich. I am looking forward to interacting with more delegates and more experts and I am looking forward to learning more on how to take my cause further.

Ms. Amrutha Murali,

Senior Project Manager, Makkala Jagriti

“

Congratulations CSRBOX for hosting such a wonderful summit. Its a huge success. I really enjoyed the session that focussed on NET ZERO and how our boardrooms are focussing on Net Zero. Thanks to all the co-panellists and to CSRBOX for hosting the summit.

Navdeep Singh Mehram

Head- CSR and Sustainability, Diageo India

Our Sponsors and Partners:

CSR Impact Awards Partner

Dalmia

The Dalmia Bharat Foundation (DBF) is a registered not-for-profit organization set up under the Indian Trust Act, of 1882. The Foundation was established in 2009 to expand the programs and projects of the Dalmia Bharat Group's CSR division. With this independent entity, the Dalmia Bharat Group reinforces its determination to be an aware and effective corporate citizen. They believe in human beings' limitless potential and focus on community-driven beneficiary-centric development programs. Emphasizing adaptability due to the substantial variations across their locations, DBF embraces a flexible, multi-intervention approach that fosters mutual growth and sustainability among programs and individuals. The organization is present in 19 locations across 13 states and touches the lives of over 12 lakh individuals in 1,300 villages.

Impact Partner

Bayer

Bayer is a global enterprise with core competencies in the life science fields of healthcare and agriculture. Their innovative products and services are designed to help people and the planet thrive, supporting their efforts to master the major challenges presented by a growing and aging global population. In 1896, Bayer established its presence in India when the first wholly owned subsidiary of Bayer AG in Asia was set up in Mumbai. In India, the Bayer Group encompasses the three divisions of Crop Science, Pharmaceuticals, and Consumer Health. Bayer Foundation India (BFI), established in 2011, serves as the CSR arm of the Bayer group of Companies and operates on projects pan India. They are a Not-For-Profit organization, contributing to address some of the areas of national priority as well as the SDGs (Sustainable Development Goals) to ensure progressive communities. Their programs are aligned with their purpose 'Science for a better life' and fuel their vision of "Health for all, Hunger for none". BFI seeks to foster and scale holistic solutions to address food security and social health challenges.

Knowledge Partner

Give

Give Grants enables corporates, foundations, and HNIs to deliver maximum social impact. Amplified by technology and anchored in impact, the organization supports the entire grant-making life cycle. Together with their network of 3000+ trusted non-profits, Give Grants has served 300+ partners, making their grant-making journey convenient and compliant while maximizing impact.

Created in 2022, Give acquired the CSR tech platform and the team from Goodera. With over a decade of experience managing workplace giving for some of India's largest organizations and extensive collaboration with the CSR ecosystem for Covid relief, Give brought valuable expertise to the table. Goodera's team contributed a state-of-the-art, market-leading tech platform and a deep understanding of the CSR landscape. Now, as Give Grants, they partner with CSR teams to design, implement, monitor, and assess programs that align with corporates' social impact missions.

Tech for Good Partner

Dhwani RIS

Dhwani Rural Information Systems (ISO Certified) is an 8+-year-old social/development sector-focused IT services and consulting firm headquartered in Delhi NCR, India. With a team of 150+ ICT4D professionals, Dhwani RIS specializes in developing IT applications for NGOs, Government entities, CSR initiatives, and International Funding Organizations to manage their projects and programs in India and abroad.

The organisation takes pride in being a young and dynamic team of development-conscious tech enablers and problem solvers. Their diverse mix of development professionals, technology enthusiasts, software engineers, and analysts work together to deliver innovative solutions. Through their services, they empower organizations to monitor and evaluate their programs for maximum impact and achieve seamless operations across their everyday functions.

Healthcare Partner

Smile Train

Smile Train is the world's largest cleft-focused NGO, supporting safe and quality care for children globally, enabling them to live full and healthy lives. Their sustainable and scalable global health model empowers local medical professionals with training, funding, and resources. With the following aid, they aim to provide 100% free cleft surgery and non-surgical essential cleft care, such as nutrition, speech therapy, and orthodontics, in their own communities,

drastically improving children's lives in their ability to eat, breathe, speak, and thrive since 1999. Their legacy in India spans over two decades as a trusted CSR implementation partner. Since 2000, Smile Train has supported 700,000+ cleft surgeries in India, working with 150+ partner hospitals across 30 states and UTs.

Americares India

Americares India is a health-focused, leading not-for-profit organization established in the year 2006. As a health-focused organization, they work with the mission to save lives and improve the health of people affected by poverty and disaster so that they can realize their full potential.

Over the past 17 years, Americares India has impactfully delivered programs across 21 states, investing over \$47 million, serving nearly 180K people directly and 3.3 million indirectly annually, through quality healthcare support to people living in poverty. Their primary thematic areas are – School Health, Urban Health Strategy, Health and Wellness Centres, Antimicrobial Stewardship, Mental Health and Psychosocial Support, and Emergency & Disaster Response.

ESG Partner

Schneider Electric

The company believes that access to energy and digital resources is a fundamental human right at Schneider Electric. This strong conviction has been the driving force behind their Access to Energy program, which was launched in 2009 and centers around three pivotal pillars: Youth Education and Entrepreneurship, Social and Inclusive Business, and Impact Investing. The program's primary

objective is to provide clean, safe, affordable, and reliable electricity to those who currently lack access to it or have unreliable access. Their mission is to connect 50 million people by 2025 and 100 million by 2030, ensuring that more individuals have access to the power they need to improve their lives. Schneider Electric's efforts extend to various sectors, including healthcare, education, agriculture, irrigation, drinking water, and the well-being of homes, buildings, schools, and micro-enterprises. Their goal is to empower communities worldwide by enhancing access to essential resources.

Gold Partner

Breakthrough

Breakthrough, for 23 years, has been working to create safe, progressive and gender-equitable spaces for women and girls by addressing norms that perpetuate violence and discrimination towards them. Breakthrough empowers adolescents and youth, especially girls, by equipping them with the right tools and life skills to achieve their full potential. Its flagship 'Adolescent

Empowerment Programme' began in 2012 and was piloted in Haryana. The programme's success, evidence of impact, and support from various key stakeholders have helped expand its work in U.P, Haryana, Jharkhand and Delhi/NCR. Breakthrough works with adolescents between 11-18 years through its gender equity curriculum "Taaron ki Toli" (Gang of Stars), imparted in both government schools and communities, and with youth between 19-25 years and empowers them to create enabling environments for themselves and their peers.

Sagility Health

Sagility is a global leader in business process management and optimizing the member/patient experience. It operates as a tech-enabled BPM services provider and a thought partner, offering a wide range of transformational services to enable its clients to deliver efficient and high-quality care across the Healthcare system. Sagility leverages industry-leading technology, transformation-driven BPM services, and decades of healthcare domain expertise to help clients

enhance their interactions with members. The company optimizes the entire member/patient experience through its service offerings, which encompass clinical support, case management, member engagement, provider solutions, payment integrity, claims cost containment, and analytics.

IIT Madras

IIT Madras has emerged as a market leader in the unique space of leveraging technology to drive social impact via CSR collaborations. With 180+ CSR partners and CSR projects worth Rs. 240+ crores in the past few years, IIT Madras' pioneering technology-driven themes range from energy to education, agriculture to artificial intelligence, water to waste management, health to housing, centers of excellence to community development, circular economy to community development, circular economy to climate change, among others. Our CSR projects with corporates, PSUs and various institutions range across schedule VII and the UN-SDGs (United Nations' Sustainable Development Goals).

Kalgidhar

The Kalgidhar Society, Baru Sahib, a trailblazing rural educational chain in north India, has left an indelible mark on society through its remarkable commitment to empowerment and education. With a network of 129 schools, 2 universities, 1 woman empowerment center, and 2 drug de-addiction centers, their impact on rural education and women's advancement has been nothing short of phenomenal. Equally noteworthy is the unwavering emphasis on women's empowerment. The Kalgidhar Society has spearheaded initiatives that break down barriers and promote gender equality. By instilling self-belief and offering equal opportunities, they have empowered countless women to unleash their full potential and become change-makers in their own right. Dedicated University and teacher training centers for Girls and providing them with job opportunities have helped in uplifting equality and empowerment.

NGO Partner

Armmman

ARMMAN leverages health technology to create scalable, cost-effective, equity-based, gender-transformative, systemic solutions to reduce maternal and child mortality and morbidity in India. They provide critical preventive care information to women during pregnancy and infancy, and train health workers for early identification, referral, and timely treatment of risk factors, resulting in improved health outcomes. They create on-scale programs with proven impact

impact through our unique "tech plus touch" model by leveraging deep mobile penetration and building partnerships (with national & state governments, partner NGOs, and health facilities) to leverage existing health worker networks and infrastructure. Their interventions have reached 39 million women and their children, and has trained 324,000 health workers in 20 states, with plans to reach 70 million women and their children and train 850,000 health workers across India by 2030.

Our Exhibitors

About CSRBOX

CSRBOX is India's leading CSR knowledge and impact intelligence driven media platform for the development community.
